To whom it may concern:

Baria, Fyke, Hawkins & Stracener recently engaged Mr Rick Myers of RMH Telecom Consultants to review our telecommunications systems. After the initial contact, we provided the information requested. Mr. Myers kept me well informed throughout the preliminary phase and later presented a very professional, detailed report. The analysis included a review of local service, data network, and long distance services, resulting in savings in excess of \$4,000.00 per year, which for a small firm is quite a savings.

I highly recommend Mr. Myers and RMH Telecom Consultants. Please feel free to contact me if you have any questions.

Sincerely,

BARIA, FYKE, HAWKINS & STRACENER, PLLC
